

An Advanced Lighting Technologies Company

DECLARATION OF CONFORMITY

Venture Lighting International

This declaration states that Venture Lighting open rated products as designated in the lamp description by "HIPE (elliptical) and HIPT (tubular) conform to one or more of the specifications and/or other regulatory documents listed below:

ANSI standard C78.389 – 2004

"High Intensity Discharge - Method of Measuring Characteristics: Annex A Containment Testing Procedure for Metal Halide Lamps with Quartz Arc Tubes"

Additionally, Venture Lighting European-style lamps carry the CE marking and have been designed, constructed, and tested to assure safety during installation and operation in accordance with Directive 73/23/EEC amended by 93/68/EEC.
