

# PRODUCT DATA SHEET

## LIQUID FERTILIZER

**BIO-GROW®**

### WHAT IS BIO-GROW®

You can apply this liquid growth fertilizer to most types of soil and substrate mixtures. It has 100% Dutch organic sugar beet extract at its base – commonly known as vinasse. This by-product of turning sugar beets or sugar cane into sugar is created by a natural fermentation process. Starches in the sugar are then treated with enzymes to produce glucose that, along with other plant nutrients, help produce a rich food source for soil microbes, boosting their populations for a more productive soil.

The natural sugars and potassium in Bio-Grow® activate the bacterial flora in the substrate to guarantee you an ample harvest of deliciously sweet fruit.

### BOTTLES

250ML, 500ML, 1L, 5L, 10L

#### SETTING

INDOOR

OUTDOOR

#### PHASE

GROWING

BLOOMING

#### FUNCTION

REG

REGULAR  
NUTRITION

### HOW TO USE IT

Start with it as soon as the first leaves appear to when the plant is 10 - 15cms tall. Then keep using Bio-Grow until the end of the fruit production.

### APPLICATION

Bio-Grow® is suitable for all mixtures of substrates, mediums and all growing methods.

#### Water

 Regular watering

#### Dose

 1-4 ml per liter of water

### NUTRIENT SCHEDULE

**BIO-GROW®**

### CAUTIONS AND WARNINGS

Keep out of the reach of children.  
Do not swallow.  
Use following the instructions.
