

**B'cuzz** products are intended for the professional grower who wants a maximum yield and return from his crop. For fruit with a deliciously sweet smell and taste.

## B'cuzz 1-Component Soil Nutrition

The ideal composition and simplicity of use makes this all-in-a nutrition very popular. The B'cuzz 1-Component Soil Nutrition is a professional bio-mineral nutrition without ballast substances, which can easily be absorbed by the plant. It helps to initiate the flowering cycle of your crop and also ensures a healthy soil live.

### Application

Especially developed for calcium-rich substrates.

### Growing tip

During the use of 1-Component Soil Nutrition Atami advises to give clean water (without added fertilizer) to the crop once a week.

### Quality guaranteed

The stimulators and liquid nutrients of Atami are packed and sealed lighttight under the twistable cap, so the quality remains guaranteed.
