

VEGANICS BLOOM 2-2-5

PRODUCT DESCRIPTION

Veganics BLOOM is a 100% organic liquid nutrient and is particularly recommended for sustainable agriculture and organic farming. Veganics BLOOM is formulated to be used during the budding or flowering stage.

PRODUCT CHARACTERISTICS

- Clean and pure big yields.
- Terpenes of the highest possible grade
- No rest or waste material/nutrients in the crop
- Intense fine smell
- Very cost effective
- Free of heavy metals
- 100% vegan
- Cleanest nutrient in the world
- Two steps further than normal organics
- Certified quality

FREQUENCY

Veganics BLOOM can be used during the budding and flowering phase: from the moment buds appear, during the entire flowering and fruiting phase. Veganics BLOOM can be used on any growing media or substrate.

DOSAGE

Add 5-18 ml/ gallon or 13-45 ml/10 l Veganics BLOOM to pure water, depending on the growth stage of the crop, see grow schedule.

APPLICATION

Veganics BLOOM can be applied to the substrate as root irrigation or hydroponically through drip irrigation. Can be mixed (in solution) with other nutrients and stimulators. Shake well before use.
