

TRIM DRY

It will never
be too late
to trim...

- Variable Speed
- Gentle, Quiet & Efficient
- Easy to Use & Easy to Clean
- Trims Up to 12 lbs/h
- Another Trimpro Quality Product

The TRIMPRO DRYPRO was developed at the request of producers looking for yet another gentle, efficient, and high quality TRIMPRO product designed for those drying their flowers before trimming. With its adjustable-speed motor, leaves are trimmed by stainless steel grates movement on each other. Its trimming capacity up to 12lbs/h makes it one with the best return on the market. Its angled construction and latched front gate makes retrieval extremely simple, allowing perfectly trimmed flowers to exit the upper cylinder while the machine is still running.
